

TEACO |

8278-A Bellaire Blvd., Houston TX 77036

Dear Provider,

Thank you for considering joining TEACO. Our TEACO family of organizations are designed to help providers glide to success in this challenging time of transformation to value based care.

With the implementation of Meaningful Use (MU) requirements in 2010, the administrative burdens for providers to care for our patients have increased exponentially. Unfortunately, the payment for services (ie with MU bonus and rate adjustments with MIPS/MACRA) for these administrative functions have lagged.

The survival of independent healthcare providers in this environment has been more challenging each year. In 2013, many of our colleagues formed a full risk IPA, called Van Lang IPA with a narrow network. We've since built up a close relationship with many payers, hospitals, surgery centers, PCPs, specialist, SNF, ancillary providers etc. in all parts of Houston.

We are leveraging our experience in administering a full risk IPA to launch TEACO, whose focus will be on the healthcare experience of our providers and patients. We want to bring our positive experience in the practice of value-based operations to more providers in the Texas market. The adage "relationship matters" has not changed. To be successful, we need to partner with like-minded physicians who will engage with TEACO for patient care coordination. TEACO will start out as a fee for service IPA where patients will have access to the entire network of providers of our payers. We will then glide towards full risk contracting in FY2020 & 2021.

We have finalized our initial payers for TEACO. TEACO PCPs will be eligible for an extra Care Coordination Fee (CCF) by member panel paid per quarter as part of the quality improvement process in the transformation towards the value based care model.

When we move to full risk, PCPs will not have any downside risk but will be able to participate in shared surplus. Specialist benefit with a physician friendly network and referral from PCPs that prioritize patient care while minimizing the administrative burden of healthcare. Moreover, we have a responsive team that resolve questions promptly. For questions, please email us at info@teacoprovidernetwork.com.

Respectfully,

TEACO Provider Network

JOINING TEACO is as easy as 1-2-3

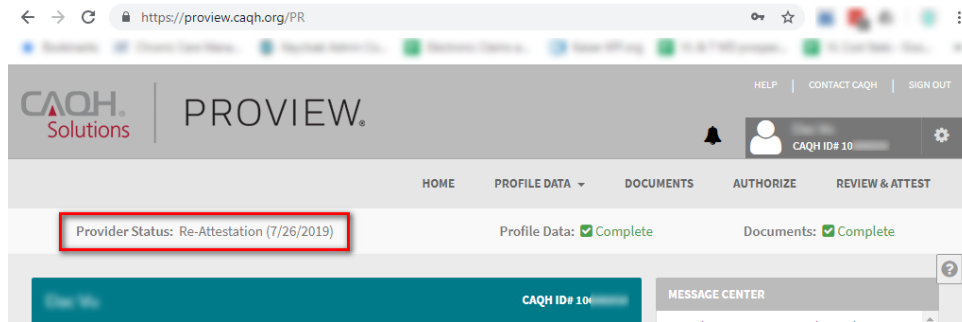

Email Information to credentialing@teacoprovidernetwork.com

1. Please have an authorized individual sign our TEACO Participation Agreement. This can be done electronically.
2. Provide us your Name & CAQH Number
 - a. Name _____
 - b. DOB _____
 - c. CAQH # _____
3. Sign in to CAQH at <https://proview.caqh.org/Login/>
 - a. Check that attestation has been completed in the last 90 days, and
 - b. Allow data to be accessed by any organization that requests

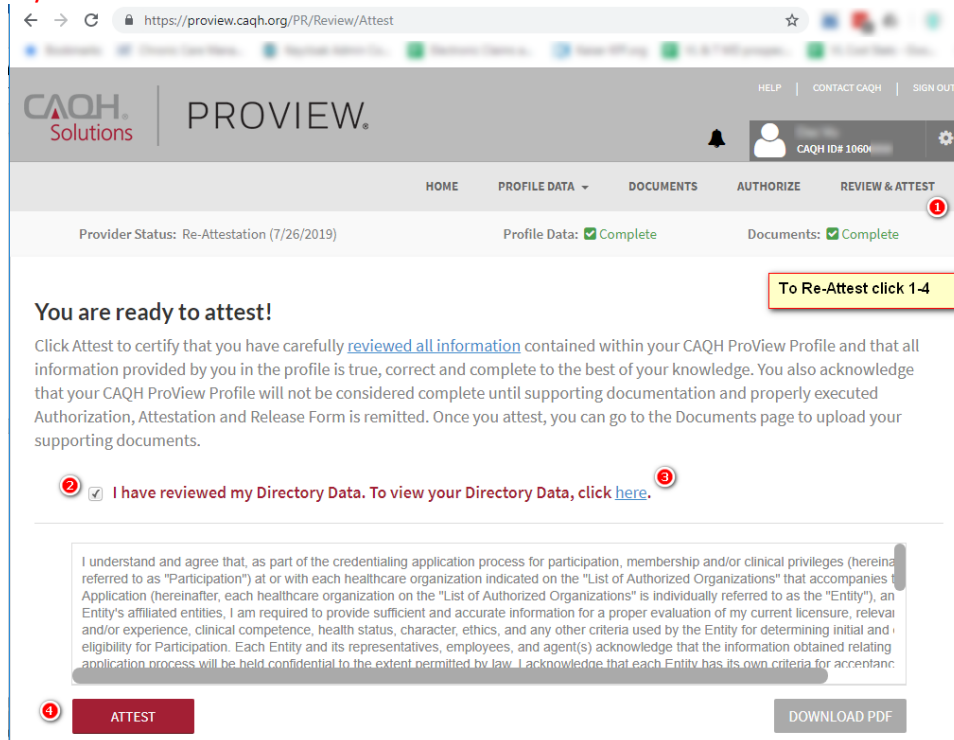

Sign in to CAQH at <https://proview.caqh.org/Login/>

- a. Check attestation is in last 90 days and
- b. Enable data to be accessed by any organization that requests

Check attestation date:

If you need to re-attest:

Sign in to CAQH at <https://proview.caqh.org/Login/>

- a. Check attestation is in last 90 days and
- b. Enable data to be accessed by any organization that requests

Screen 1 of 2: Authorization Setting

The screenshot shows the 'ORGANIZATIONS' page in the CAQH ProView system. The page title is 'ORGANIZATIONS' and it includes a description: 'This page lists all the organizations that have requested authorization to view your CAQH ProView self-reported information.' Below this is a table with three columns: 'ORGANIZATION', 'AUTHORIZE', and 'VIEWING YOUR DATA'. Each row represents an organization with radio buttons for authorization and a 'Yes' or 'No' option for data viewing. A 'Change Settings' button is located at the bottom right of the page.

| ORGANIZATION | AUTHORIZE | VIEWING YOUR DATA |
|---|---|-------------------|
| United Healthcare | <input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize | No |

AUTHORIZATION SETTING

ORGANIZATIONS

AUTHORIZATION SETTING

Healthcare organizations using CAQH ProView require your authorization to access your self-reported and attested information to conduct processes, such as, credentialing, provider directory updates and claims processing. By selecting one of the authorization options below, you are granting these organizations access to your self-reported and attested information.

When a healthcare organization subscribes to your data, should CAQH automatically authorize access?

Yes. Release my data to any organization that requests access. RECOMMENDED

No. Ask me to review each organization's request.

I hereby authorize the release of my full set of CAQH ProView self-reported information as indicated above.
